

How we are spending our School PE and Sport strategy Funding

We received additional funding of £9140.00 from the government this year to develop PE and sports within our school. We have used this money to help fund the following additional activities so far.

We have joined the School Sports Programme. This provides training for teachers in PE and opportunities for sporting competitions with other schools. It also provides us with access to specialist sports coaches. **Cost £1500 including transport costs**

We are providing lunchtime football clubs three times a week. **Cost £2250**

We have an after school: Olympic club, Football club and fitness club. **Some run by Staff so overtime costs incurred here only.**

We will continue to run a large football club after school for all KS2 children. **Cost £750**

We will continue to purchase new playground equipment for lunch time activities. **Cost: £345.00**

We will focus on FS2 outdoor provision with new playground equipment. **Cost: £9,762.00**

We will continue to run an age appropriate fitness club (Lazytown) for our Foundation Stage children. **Cost: £510.00**

We will run another healthy eating food tasting day with Chartwells.
Cost: £165.00

Total Amount Spent: £15,282.00
